

Youngster Killed In Mine Mishap

MAN, W. Va. (AP) — Billy Mills, 12, one of 10 children of Mr. and Mrs. Okie Mills Malory, was killed in the collapse of an augur-mined coal hole today while picking coal with his father, a disabled miner.

Father and son had filled a light pickup truck and were making ready to leave when the boy climbed back into a hole and was trapped.

In augur mining, holes are bored horizontally into an outcrop.

Besides the boys' parents, six brothers and four sisters survive.

Funeral arrangements are incomplete.
