

## Man, Girl Drown In Quarry Pond

DANVILLE (AP) — Autopsies have been scheduled for a 35-year-old man and his 8-year-old niece who drowned Sunday in a water-filled quarry off U.S. 360 about three miles north of here.

The two were identified as Charles A. Morris Sr. and Faye Diane Lewis, both of Glenwood, a small community just outside Danville in Pittsylvania County.

Witnesses said Morris was floating on his back and the girl on top of him when both sank suddenly.
