

## DROWNS IN QUARRY

DUNKIRK. — The abandoned stone quarry here claimed its second victim recently when Mrs. Goldie Branan Price, 19, of Ada, was drowned Sunday while wading in the pool. She had gone to the quarry with her mother-in-law, Mrs. Ben Price, to secure relief from the heat, and the two were walking on a ledge when the younger woman stepped into 15 feet of water. The victim was the wife of a soldier.
