

A WORD OF GRADITUDE.

The Gazette has been requested to express a word of thanks in behalf of the men imprisoned in the Hospital mine last week. They feel very grateful to those who worked so unceasingly to extricate them from their perilous position, and they desire especially to mention their thankfulness for the services of the following gentlemen:

W C Perkins,
C C Kilgore,
H E McCarty,
Clayton Strickland,
Archey Drury,
John McDonald, Assistant Mine Inspector.

They appreciate that they can but feebly express their gratitude for the saving of their lives, but they want to give this public testimony to their feeling.
