

25 DEAD TAKEN FROM ZEIGLER MINE HORROR

ZEIGLER, Ill., Jan. 11.—Five more bodies were recovered today from the shattered workings of the Zeigler mine which were destroyed Sunday by an explosion of gas. The total number of known dead has reached 25, and two men known to have been in the mine when the explosion occurred have not been seen since. The cause of the disaster is attributed to the communication of a spark from an electric motor to a pocket of gas formed in one of the lower levels.
