

**Entombed for Several Hours.**  
John Washaloski, residing in Lansford, was closed in for several hours in No. 4 colliery. When rescued he was pulled down a shute along with about fifteen tons of coal. Strange as it may appear, when he struck the bottom, he shook the coal off the top of himself and started away as if nothing out of the ordinary had happened to him.

1914 John Washaloski trapped for several hrs in No 4 colliery
