

## Miner Buried Several Hours; Rescued

Glen Jones, a well known young man of Tower City, employed at robbing pillars in No. 4 slope, Brookside colliery, Saturday of last week was caught by a fall of coal and for a time it was thought he had been killed. It required several hours of hard and careful work to release him. For almost two hours he had been doubled up with his knees against his breast and the heavy weight of the coal resting on him. He is badly sprained and bruised and it will be some time before he will be able to be about. No bones were broken.
