

Entombed Miner Rescued.

Shenandoah, Pa., June 8.—Entombed behind a heavy fall of coal and culm in Packer No. 3 mine, Jacob Romansky was rescued without a scratch. Rescuers had been working frantically to reach the man whom they feared had been caught by the fall. Romansky's partner heard the coal working and ran to safety just as the fall occurred.

1921 Jacob Romansky rescued from Packer No 3 mine
