

## 65-Year-Old Miner Rescued From Cave-in

*(Associated Press Leased Wire)*

YREKA, Aug. 6.—After being trapped for six hours by a cave-in at the Grant mine, Simeon Barrendon, 65, a miner, was rescued unhurt when miners and citizens dug a passageway through a cone-shaped pile of quartz rock that had imprisoned him. Barrendon crawled through the small opening to safety and was greeted by the rescue party and his wife who waited at the shaft throughout the ordeal.
