

Miner Is Rescued Under Rock Fall

Shenandoah, Pa. Aug. 13—(AP)—Simon Kapaczewski, 66, an unhired miner, was rescued from his make-shift mine early today after he was entombed for 11 hours.

Kapaczewski was caught by a fall of rock far down the jagged hole yesterday afternoon. Other unhired miners heard his screams and for hours shoveled at the several tons of rock. He was removed to a hospital.

1936 Simon Kapaczewski rescued from mine after 11 hrs
