

DOG SAVES MINERS.

DOWNIEVILLE, Cal., Aug. 24.—(P)—A faithful dog ran 900 feet through a fire and smoke filled tunnel today and attracted two miners to the entrance where flames which soon would have trapped them were raging.

The miners, Joseph Stark and his son, Herman, left a fire in the stove in their quarters in the mine mill before they entered the tunnel. The stove pipe became hot and ignited dry timbers.

The dog ran through the blaze into the tunnel and barked until he summoned the two men.
