

## SET CAUSE OF EXPLOSION

THOMAS, W. Va., Nov. 11 (UP) Officials of the Davis Coal and Coke Company today said ignition of a concentration of local gas caused an explosion in the company's No. 23 mine which killed three miners.

No damage was done to the operation and work would continue without interruption, it was said. There were 75 men working in the mine when the blast occurred yesterday but only four were in the affected area, near the entrance.
