

## 3 Men Trapped Colorado Mine

Canon City, Colo., Jan. 21. (AP) —Three miners were trapped 2,000 feet inside the Griffith coal mine today by a fall of rock and coal that filled the entrance tunnel for 200 feet.

Tapping heard by a rescue squad indicated that probably all three men were alive but it was possible one or more of them were injured.

The miners were Sam Bowman, 46, of Florence; George Costantino, 42, of Canon City, and Joe Fazzino, 31, of Coal Creek.
