

## SEVENTY-FIVE MEN ARE SAVED FROM BURNING MINE

Peoria, Ill., Sept. 30.—Martin Perrit is dead and Frank Robinson is fatally wounded as the result of an explosion in the mine of the Logan Coal company at Hanna City, 65 miles west of here, tonight.

Seventy-five other miners who were imprisoned by a fall of rock caused by the explosion were rescued after several hours of desperate work.

Immediately following the explosion fire broke out in the mine a mile from the shaft and 250 feet below ground, where the accident occurred, and for two hours it was feared the entombed men would be burned to death.

Perrit and Robinson were shot firers and were in the act of setting off a charge when the explosion occurred.
