PERFECT PLANS FOR INQUIRY

State Officials Prepare to Launch Formal Investigation Into Recent Cherry Mine Disaster.

TUESDAY NEXT IS THE DATE

Hearing Will Be Sweeping and Will Be Public; Important Legislation to Be Recommended.

Springfield, Ill., Nov. 29.—The preliminary arrangements for an investigation of the disaster at the Cherry mine...

The conference was between the committee appointed for that purpose by the Illinois mine investigation commission...

The hearing will be held at the office of the state mining board in the state house...

During the meeting of the afternoon it was decided that the part of the arrangement would not be taken care of until the two bodies meet at Cherry...

It is recommended that the governor, for use in his call for the mining commission...

Stables undergoing to be constructed of concrete. Prefabricated timbering at the bottom of each shaft...

Weak, Worn Women Find a True Friend in Duty's Purest Wheat Whiskey

Green Garden (By the Herald Correspondent) Green Garden, Nov. 29.—Mr. and Mrs. William Lankens...

Do Away With Stables (By the Herald Correspondent) Green Garden, Nov. 29.—Mr. and Mrs. William Lankens...

IF YOU NEED A MEDICINE, YOU SHOULD HAVE THE BEST.

Although there are hundreds of preparations advertised there is only one that really stands out prominently...

Mr. and Mrs. John Hansen visited Sunday with Mrs. George Hansen who is ill at her home near Mankato...

Mr. and Mrs. Ferdinand Schaefer attended the wedding of the former's cousin, which took place Saturday afternoon...

Mr. and Mrs. John Hansen visited Sunday with Mrs. George Hansen who is ill at her home near Mankato...

HEALTH OF ANIMALS BEST BECAUSE OF GOOD DIGESTION

An interesting interview was recently obtained with L. T. Cooper, whose thorough studies have created such a reputation during the past year...

"I know that all the trouble is caused by weak, overworked stomachs," he has proved this with my medicine to many thousands of people...

Among those who have recently been converted to Cooper's theory is Mr. H. V. Decker of Aberdeen, Ill., who writes: "I have just spent four miserable years asking and searching for relief from indigestion and stomach trouble..."

"I consulted physicians, but their medicine did no good. I tried out numerous remedies with a like result. I was at the end of my string, my pocket empty, and I was in a worse condition than ever..."

Cooper's New Discovery is sold by all druggists everywhere.

UNCLE SAMUEL HAS SOME LARGE PERSONAL STAFF

Approximately 370,065 People Are On Government Payroll; There Were 306,141 in 1907.

Washington, D. C., Nov. 30.—The personnel of Uncle Sam's establishment is increasing by leaps and bounds, the grand total of all federal employees at present being approximately 370,065...

These 370,065 other interesting facts are brought out in the official register of government "blue book" for 1909, which will be issued shortly...

Big Increase for Census. The total will be increased by 100,000 next year by the addition of about 100,000 persons to the clerical force of the census bureau...

Arizona Has Only Commission. New York, Nov. 30.—Arizona has only one commission, the executive officer of the state, which is the governor...

A PESTIFEROUS GERM. Borneo By the Daily Mail Staff and Rep. the Daily Mail Staff. People who complain of falling hair as a rule do not know the cause of the trouble...

ALFRED BROAD, TAKING CHERRY MINE DISASTER AS EXAMPLE, TELLS HOW DANGERS CAN BE MINIMIZED

Coal City, Nov. 29.—Under the heading, "What lessons can we as miners learn from the Cherry disaster?" Alfred Broad, taking the Cherry mine disaster as an example, tells how dangers can be minimized...

Should Connect Veins. That in every mine where there are two or more veins working at the same time, there should be a tunnel opened from one to the other...

That all mines (especially deep ones) have a large water reservoir stored on the surface with a sufficient supply of hose to be attached to the pump...

That each mine should have a slope or tunnel offering an entrance and exit to the main working seam. The bottom of said slope should be at least 100 feet from the bottom of the main shaft...
