

## Babson Sees—

# Boom In Building, High Sales Value And Cut In Taxes —For 1946

But Total Business Will Take Drop Next Year, Experts Think; Jobs For Returning Vets, But Wages May Be Lower.

**1946 IN A NUTSHELL**  
Bonds: Steady Foreign Trade: Compet-  
ing: Increased Labor: More Strikes  
Commodity Prices: Higher Real Estate: Higher  
Cost of Living: Higher Retail Sales: Values Up  
Inflation: Lower Provisions: Increased  
Farm Prices: Uncertain Stocks: Higher  
Taxes: Lower  
Politics: President to take middle-of-the-road

By: ROGER W. BABSON

1—The great event of 1945 was the ending of World War II. A great event of 1946 will be the start at harnessing atomic energy to bring about a new industrial era.

## GENERAL BUSINESS

2—A year ago the United States Business Index registered 145. Today it is estimated at 128 justifying my forecast of a year ago. The Canadian Business Index of the Physical Volume of Business finally registered 295 a year ago; it is estimated at 190, 1946 will show a further overall decline in both United States and Canadian business. Furthermore, most of the following complaints apply to both countries.

3—The re-conversion of industry from war to peace business will increase during 1946. However, time required for re-conversion will not be as great as most people believe.

4—Inventories, quoted both at their price values and their volumes, will increase during 1946. Both raw material piles and manufactured goods will be larger.

## COMMODITY PRICES

5—Some rationing may continue through most of 1946; but it will rapidly be eliminated. Price restrictions will gradually be lessened.

## Eight Seamen Die In Blast At Texas City

TEXAS CITY, Tex., Dec. 27.—Eight seamen were killed and 12 injured today when an explosion aboard the gasoline tanker "Swanberg" ripped the aft end of the 30,000-ton ship.

The stern, containing the boiler of the eight vessels, settled in 30 feet of water as rescue crews started pumping out water from the crippled vessel.

## Ducks Endangered

There was no fire and no danger to the ducks and geese were undisturbed.

Capt. Steven Johnson, the ship's master, would not estimate the damage but called it "severe." Crews which docked Christmas day was owned by Sevin Company of Stockholm and was carrying gasoline for household use in Sweden.

The explosion occurred at 4 a. m. and its cause was not immediately known. Dock officials refused to talk to newsmen about the explosion, saying an announcement would be made later.

## Mrs. A. L. Blythe Dies At Home On E. 2nd St. Today

Mrs. A. L. Blythe, age 84 years, died at 7:30 o'clock today at her home at 1127 East Second street, following a month's illness.

Funeral services are being held Monday afternoon at 2:30 o'clock at the First Baptist Church with Rev. Patrick W. Murphy in charge. The interment will be made at the Fairview cemetery at Cushing.

Mrs. Blythe is survived by her husband, A. L. Blythe, of Cushing, Okla., and three sons and daughters: Mrs. M. E. Strader, Drumright, Okla.; Mrs. P. C. Strader, Cushing, Okla.; Mrs. J. A. Horton, Cushing, Okla.; Mrs. C. C. Perrell, Portland, Ore.; Mrs. A. C. Hartman, Cushing, Okla.; and Mrs. J. E. Perrell, Cushing, Okla.

There are also 23 grandchildren and great-grandchildren.

## Did You See

The small number of traffic accidents reported in Cushing in comparison with other nearby cities is a fact of which the citizens of Cushing should be proud.

The most slippery and dangerous spot in town had been the avenue but the salt mounds the surface of.

## FOREIGN TRADE

21. The United States will ship over 50% of the 1945 shipping in 1946.

22. We will make England and some other countries loans available; they will agree to spend a fair proportion of the money in the United States.

23. Both the British Empire and the United States will

## We Ealing For 31 Trapped Miners; Rescue Workers Appeal For More Aid

## Russia To Aid In Setting Up Atom Bomb Commission

## Four-Power Control For Japan Okayed

MOSCOW, Dec. 27.—(UP)—Secretary of State James V. Byrnes announced at the end of the foreign ministers' conference today that Russia had agreed with the United States and Great Britain on a plan to set up an allied commission on atomic energy.

The Big Three decision on the atomic commission represented an agreement on the only phase of the atomic problem discussed at the Anglo-Soviet-American meeting here. Byrnes declared.

Byrnes reference to the atomic commission was understood to mean that the Big Three (U. S., Britain, and Russia) would support the Truman-Attlee-King proposal to establish such a commission within the United Nations organization. Russia thereby adhered to the commission, which would discuss atomic energy.

In Washington it was learned that the ministers also agreed to create a four-power control commission to support the Truman-Attlee-King proposal to establish such a commission within the United Nations organization. Russia thereby adhered to the commission, which would discuss atomic energy.

The Washington dispatch also disclosed that the atomic energy commission was to be established within the United Nations organization. The commission will work arrangements whereby atomic power would be used for peaceful purposes only. It would strike to eliminate atomic weapons from military use by rigid control of scientific research and production.

British Foreign Secretary, Ernest Bevin described the conference as a successful milestone toward a better and better world.

"The task of building peace is very difficult," he said, "but it is not impossible. It needs patience and understanding, and above all confidence in each other."

## T. G. & Y. Stores Start Remodeling

Will Occupy Two Buildings Here When Partition Is Removed And Front Installed

The T. G. & Y. Stores are commencing the remodeling of the Carpenter and Walters buildings at 113 and 114 East Broadway street, preparatory to occupying the property as a 30-foot front.

The T. G. & Y. are to be 31 stores and they have had a lease on the two buildings which they are remodeling for the past year.

The partition between the two buildings is being torn out and the building at 114 East Broadway street, a front of 30 feet, will be added.

The remodeling was planned earlier but has been delayed because of the war. It is now being completed as fast as possible.

A. Young and Tom Beasley, an Oklahoma City contractor, are here to supervise the work. Mr. Young is with T. G. & Y. stores.

## WEATHER

OKLAHOMA.—Considerable UP—Police today hunted another "meathead" man in the morning, with occasional "hickworld." He is the thief who broke out last night and today, Natchez, Miss., and killed the church people.

Temperatures 20 to 25 Fahrenheit.

## 250 Pairs Of Nylons Are To Sell On Friday

Montgomery Ward and Company received today, their first shipment of nylon stockings.

"They will be placed on sale at 250 pairs of nylon stockings, which are to be sold on Friday morning," said a company spokesman.

They are to be sold at a price of one dollar and 50 cents a pair.

## Mrs. Henderson Dies At Home Early Today

Mrs. Sarah E. Henderson, 47 years of age, died at her home at 113 East Broadway street today.

Funeral services will be held Monday afternoon at 2:30 o'clock at the First Baptist Church with Rev. Patrick W. Murphy in charge.

## Effective Date For Freight Rate Hike Postponed

WASHINGTON, Dec. 27.—(UP)—The Interstate Commerce Commission today postponed indefinitely the effective date of the new railroad freight rates provided in the amended Interstate Commerce Act of May 15.

Officials of the United Electrical Workers announced that the general executive board would authorize a strike early next month in 70 plants of the General Electric Co. and in General Motors' electrical appliance division.

## Continue To Probe Negro Shooting Here

County authorities today continued their investigation into the Christmas Day shooting in the Negro section of the city.

County Attorney E. D. Greiner and County Sheriff E. J. Schaefer are giving their version of the episode which grew out of an argument over a date game.

Meanwhile, labor disputes kept a lot of 60,000 workers away from their jobs across the country.

A United Press survey disclosed that the United Press was the only newspaper that had not been closed down by the federal government.

The United Press was the only newspaper that had not been closed down by the federal government.

## Mystery Blast Shatters Peace In Jerusalem

Jerusalem, Dec. 27.—(UP)—A mysterious explosion shattered the Christmas peace in the Holy land tonight.

The explosion, which occurred in the Jewish quarter, killed at least 10 people and wounded many others.

The explosion was the first of its kind in Jerusalem since the city was captured by the British in 1947.

The explosion was the first of its kind in Jerusalem since the city was captured by the British in 1947.

## Local Fire Causes Over \$100 Damage

Firemen here today estimated the damage to the J. H. Quinn home, 114 N. Noble, at between \$100 and \$150 after it was swept by fire on Christmas Eve.

The fire was caused by a faulty electric wire which was blown by the wind.

## Did You Hear

That they should do so much for the poor people of the world?

This statement was made by the United Nations Committee on Economic and Social Affairs.

## Red-Eyed Disaster Crews Drive Ahead; Victims In Mine Over 30 Hours

PINEVILLE, Ky., Dec. 27.—(UP)—A weary rescue crew fighting its way through smoke and crumbled rock in the Kentucky Straight Creek mine sent back word late this afternoon that they were within 2,500 feet of the place where the explosion occurred yesterday morning.

PINEVILLE, Ky., Dec. 27.—(UP)—An emergency call for more volunteers was sent out today as nearly exhausted rescue workers drove doggedly forward in the coal mine near here where 31 or more miners are trapped.

Only the barest hope was held that the men who went into the Kentucky Straight Creek mine at 7 o'clock yesterday morning were still alive after more than 30 hours underground.

Red-eyed disaster crews, their faces heavy with sleep and their hands aching from fighting, now were after another as they drove forward in the explosion-battered mine, and back and forth in the darkness of the mine.
