
BOY KILLED IN MINE.

**Car Runs Away and Jumps Track
When He Sprags It.**

BROWNSVILLE, July 2—Edward Kirby, aged 17, was killed in the Parshall mine near here yesterday afternoon about 2 o'clock, when he was caught and crushed between a mine car and a rib of coal

Kirby was pushing a mine car from an entry onto the main track, when it got away from him and started down a grade at a terrific rate of speed. When he attempted to stop the car by putting a sprag under the wheels it left the track and crushed him against the coal. Many bones were broken and the lad died within a few minutes.

Kirby is survived by his father and mother, of whom he was practically the sole support.
