GATEMENT RESCUE OFFICERS
RESPOND TO CALL FOR HELP
AND DO VERY EFFECTIVE WORK

One man was killed and two ren-
dered unconscious yesterday at a small mine camp situated nine
miles north of Millers and about two
miles from Tonopah. The form
that two men escaped death is re-
garded as almost miraculous. It was
only a few moments before fire-fighters
were on the scene. The men were
working at a depth of 228 feet, when
a heavy weight fell on their heads.

The injured were Sut Barbour and
Charles Kamick. The latter is im-
proving rapidly and will be out of
danger soon. The former is critical
ly ill and threatened with paralysis.

The men were employed at a pro-
duction plant of the western Tonopah
district, nine miles northeast from
Millers or 23 miles from Tonopah.

The town of Millers is one of the best
in the state, but beyond that shown
in the map is a place too far away for
bus travel. The accident occurred
about 1:30 a.m. on the night of the
accident, and the injured men were
brought to Tonopah in a hurry.

The government officials were pro-
foundly impressed by the diligence
of the sheriff, Mr. Riggs, and the
men employed in the mine. They
were doing their utmost to save the
lives of the two injured men.
